

# Sudbury Integrated Nickel Operations

## Respirator Policy

Facial hair that obstructs the sealing surface of a face piece of a respirator will not be permitted.

Clean shaven with no more than a "five o'clock" shadow.

No goatee's are permitted

Mustaches not to grow past outer lip area

Sole patches are permitted providing sealing surface is clear of facial hair

The above policy is in place at the Sudbury Smelter and various areas within the Strathcona Mill and Mines – Consult with your Glencore contact person to determine when this policy applies to your employees.

### Examples Of Respirator Fit
